

Dynamis Inc.

Dynamis, Inc. is interested in custom formulating specialized 100% solids epoxy products for the electric motor and related industries.

If you have customers who have specific needs or requirements, please let us know. Any information you can provide regarding the specifics of those needs will, of course, speed up the process of product evaluation and sampling.

Some of the basic information required is as follows:

1. Required cure times.
2. Required pot life.
3. Cure by ambient temperature or heat cure.
4. Color.
5. Viscosity.
6. Dielectric requirements.
7. Shore hardness.
8. End use, if not proprietary.
9. Quantity anticipated, annually.
10. Packaging.
11. Heat resistance requirements.
12. Preferable mix ratios.
13. Chemical resistance.
14. Contact person.
15. Specific gravity requirements, if any.
16. Surface being bonded to.
