**Showcase of Internationally Renowned DC Dynamis Adhesives and Epoxy Resins at the
International Supply Association Product and Show Conference
San Diego, June 1-4 2013 Booth# 1742**

DeCara Inc., leader in manufacturing industrial DC Dynamis epoxy resins, adhesive, and coating is highly recognized worldwide for its most advanced and high performance epoxy formulas. Dynamis epoxy and adhesive are custom designed to meet specific industrial needs. The lines of epoxy paint and adhesive includes FDA approved coatings for the food and healthcare industry as well as military grade bonding materials.

Venice, FL, April 10, 2013 – DeCara Inc. will showcase its industrial line of epoxy coating and adhesive at the 2013 ISA Product Show & Conference in San Diego, CA June 1-4 2013 at Booth #1742.

ISA Product Show & Conference offers opportunities for suppliers, master distributors and service providers to showcase their products and services. The two-day product show format allows more time for distributors and industrial manufacturer's reps to see the newest products available from a wide variety of companies that market their products through independent distribution.

Distributors are on the lookout for new product categories to add to their line cards. For distributors, the 2013 ISA Product Show & Conference will be the most efficient and cost-effective way to see a new array of world-class manufacturers offering products. Products featured at the show will range from Abrasives, Brushes, Chemicals, coolants, aerosols, adhesives, sealants, lubricants, Contractors supplies, Cutting tools, Fasteners, Fluid power, Hand tools, Industrial pipe, valves & fittings, Industrial rubber products, Janitorial supplies & equipment, Machine tools & accessories, Maintenance equipment & supplies, Material handling equipment, Metal goods, Power tools, Power transmission equipment, Pumps, Quality control products, Safety products, Saw blades, Tapes, Tool & Die supplies, Welding equipment & supplies, Epoxies, Scaffolding and Ladders, Magnets and Magnetic Devices, Miscellaneous products.
